

## **IMPORTANT ANNOUNCEMENT**

### **IP2PGLOBAL IS EXTENDING TWQ'S PRE-ICO AND ICO**

IP2PGlobal would like to announce the ending of its relationship with Virtue Fintech FZ-LLC. Therefore Virtue Fintech will cease to be the program manager for the TWQ ICO program.

Taking also into consideration the bearish climate in the cryptocurrency market, IP2PGlobal hereby wishes to announce that it is extending its TWQ pre-ICO, which is currently ongoing, until 13th May, 2018 (23:59 UTC).

We will also be extending our ICO period which starts on 14 May, 2018 (00:00 UTC) and ends on 8 July, 2018 (23:59 UTC).

We recognise the current extreme volatility of the cryptocurrency market and understand the public's sentiments towards ICOs at this current time.

With this taken into consideration as well as from feedback from interested parties towards the ICO, we would like to provide an extended period of time for the public to consider and participate in this ICO while the market stabilises.

We are happy to answer any further questions the public may have in our official chat channels as well as social media sites.

Do note that we are offering different bonuses at different stages of the pre-ICO, which is outlined in the [whitepaper](#).

Statement by

James Loy, IP2PGlobal Management Team's CEO.
